Algorithm 1 algorithm caption

Input: input parameters A, B, C
Output: output result

1: some description
2: for condition do
3:     ...
4:     if condition then
5:         ...
6:     else
7:         ...
8:     end if
9: end for
10: while condition do
11:     ...
12: end while
13: return result
